Status: ADOPTED

Original Adopted Date: 05/01/1989 | **Last Revised Date:** 05/01/2021 | **Last Reviewed Date:** 05/01/2021

Special meetings may be called by the president, or the secretary of the board upon the written request of a majority of the members of the Board. The agenda for special meetings shall be limited to the item or items for which the special meeting is called. Notice for special meetings shall be given.

Emergency Meeting

The Board may meet on an emergency basis without a twenty-four hour advance notice for good cause when the notice requirements are impossible or impractical. However, the Board should give as much advance notice of an emergency meeting as is reasonably possible. The reason for the emergency meeting and why notice in its usual manner could not be given will be stated in the minutes.
