

House File 2612 (HF 2612), signed into law on March 27, 2024, established increased teacher salary minimums effective July 1, 2024, modified educational and media services funding, and provided additional funds for education support personnel. DC-G received \$93,907.10 in additional revenue to support education support personnel such as associates, bus drivers, custodians, maintenance workers, and administrative assistants. These funds must be expended by June 30, 2025 and the future funding stream of these dollars has been uncertain. DC-G has chosen to utilize retention stipends to those who served during the 2024-2025 school year and have committed to return for the 2025-2026 school year. Pending board approval, these stipends will be distributed in the June payroll.
