

Policy 804.04: Bomb Threats

Status: ADOPTED

Original Adopted Date: 03/01/1995 | **Last Revised Date:** 11/25/2024 | **Last Reviewed Date:** 11/25/2024

When a bomb threat is reported to the administration, they should determine the threat to students and staff and the best course of action to deal with the threat. If the administration determines there is a threat to students and/or staff, the District facility should be cleared immediately.

A thorough search will be made by the appropriate District or law enforcement officials. Employees and students shall remain outside the District facility until it is determined that danger no longer exists.

It shall be the responsibility of the superintendent to file a report of each incident for the District records.
