Student Fees

The Board of Directors will set student fees annually.

Non-payment of fees

Pupils whose parents or guardians are financially unable to pay the regular school fees, may apply for a fee waiver or reduction.

If a student transfers out of this school, rental fees will be returned only for those semesters of the year in which the student will not be enrolled. If a student spends one day or more a semester in this school, they shall not receive a refund for that semester. A student transferring into this school will pay rental fees for the proportionate amount of the school year remaining.
