

**Policy 702.09: Special Convenience Bus Stops**

**Status:** ADOPTED

**Original Adopted Date:** 08/01/1989 | **Last Revised Date:** 02/24/2025 | **Last Reviewed Date:** 02/24/2025

No bus shall leave the public roadway to receive or discharge students unless doing so enhances safety and/or the private road is maintained in the same manner as the public highway.

A bus shall not stop to load or unload students unless the driver has an unobstructed view of at least 300 feet in each direction, except to the extent that visibility is reduced by fog, snow, or other weather conditions. In such circumstances, the driver is expected to use his/her best judgment to ensure the safety of the children and the bus.
