

Policy 507.05: Emergency Plans and Drills

Status: ADOPTED

Original Adopted Date: 04/01/1989 | **Last Revised Date:** 03/01/2021 | **Last Reviewed Date:** 03/01/2021

By mandate of the state fire marshal, school officials shall conduct periodic evacuation, shelter and other disaster drills during the school year, with a minimum of two drills of each before December 31st and two drills of each after January 1st. Fire safety standards will be checked each year to ascertain that schools are meeting state standards.

Each attendance center will maintain a written plan for emergency procedures. The plan will be communicated to and reviewed with employees. Employees will participate in emergency drills.
