## ASPHALT CRACK-FILLING SERVICES

**Project Location:** Insert Location Here

DESCRIPTION	PRICE	QTY	SUBTOTAL
-------------	-------	-----	----------

### ~~Crack-Filling:~~

Includes the preparation and filling of asphalt cracks using Direct Fire (DF) Crack Sealant.

\$65,000 ~~X~~

### Scope of Work:

- 
- 

### Service Notes:

- Existing cracks to be cleaned out, prepared, and filled using our Direct Fire Crack Sealant.
- Preparation includes the use of a high pressure heat-lance to blow out any rocks or debris, burn away any vegetation, and bring the asphalt up to temperature in order to prepare it to receive the new crack filling compound.
- Includes the filling of: Existing cracks within noted scope that meet a minimum measurement of 1/8" in width, and 1/8" in depth.
- Excludes any cracks larger than 3" in width or depth as cracking this severe requires more than general maintenance (Crack-Filling) can provide. Also excludes filling of cracks within 1 foot of an unrepairs pothole.
- Highly experienced and enthusiastic staff on site at all times. Clean-up done daily and in full upon completion.

**TOTAL (INCLUDES TAX)**

**\$0**
