- ♦ 3 ea.-15' x 72' Rolls of BC30 premium turf with ½" pile & 5 mm pad for a total of 3,240 sq. ft.
- Materials Only: \$11,955.60**
Freight to Site: \$1,200
Total Delivered: \$13,155.60
Labor by Wamco Athletics: \$4,500
Total Delivered & Installed: \$17,655.60

Note:

*Sales agreement for materials will be through Patriot Athletic Equipment. Labor Agreement will be through Wamco Athletics.

*Concrete Pad by others.

*Sales tax not included in quote but will be applied upon ordering unless organization is tax exempt. Purchaser by acceptance of this quote agrees to furnish Tax Exemption Certificate, otherwise any applicable tax will be added at time of purchase.

*Material price valid for 30 days.

*All locations for private utilities, etc., by others. All pier excavation calculated on clean dig excavation. Any rock, debris or undesirable fill that is encountered during drilling, that impacts drilling time will be billed on a time and material basis.

*Drilling and setting the support structure may require access of heavy equipment to the site. Heavy equipment includes a concrete truck, drill truck and/or skid loader.

*Customer agrees to provide and allow clear, unobstructed access of this equipment to the site. This access permission may include crossing of soil, concrete sidewalks, irrigation systems and synthetic/artificial surfaces.

*Wamco is not responsible for any ruts or damage to soil, grass, turf, or track surfaces as required to gain access to the drill site. If we are required to set this structure in wet conditions, or required to cross artificial or synthetic surfaces. Wooden "mats" or drive may be required, at the customer's discretion, to avoid damage to these surfaces. Cost of these mats are not included in the quotation. Protective "work pad" or "access drive" must be laid out prior to arrival of the drill truck and concrete truck.

*Wamco will take reasonable precautions, work with, and coordinate with Customer or Contractor to gain efficient access to the drill site. However, Wamco is not liable or responsible for any damage done to the soil, grass, irrigation systems, turf, or synthetic surfaces as required to gain access to the site.

*Installation of Support Beams is for normal soil only. If we encounter conditions such as concrete, rock, stone, etc., and cannot drill through it with our equipment, or move the installation to another suitable area, additional charges will occur.

If you have any questions, please feel free to call. Thank you.
