Students, as part of the education program, may participate in contests or other public and private events approved by the superintendent that will be of benefit to the student and the education program. Performance at such events is a privilege.

Students, who perform at such events, serve as ambassadors of the District and must conduct themselves in the same manner as required in the regular school day. Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures.

Students will be allowed to perform in these events only with proper permission and supervision and when the events do not disrupt the education program or other District operations. The events must be approved by the superintendent or designee, unless it involves unusual travel and expense, in which case the board must approve of the performance.

The Drama/Musical selections for public performances are to be approved by the administration.

It is within the discretion of the superintendent or designee, to determine whether the event will benefit the education program and the participating students. Contests or other performances by students unapproved by the superintendent or designee, are the responsibility of the parent and the student.
