

Staff Commendations

April 2025

I would like to recognize Sam Peters, our Librarian. This is her first year, and she has been nothing short of AMAZING!!!!!! She is great with the kids and has been killing it! I have also developed a great friendship with her and she makes me smile every time I see her. She is always willing to help step into a classroom when we are short staffed. She was also my saving grace with the yearbook. If it wasn't for her help the yearbook would not have turned out as awesome as it did. Keep up the amazing work Ms. Peters!!!!!!

-London Erdman

I would like to give a huge shout out to Brent Buttjer! Brent always goes out of his way to make sure all of our sporting events go as smoothly as possible. He's always got a smile on his face and makes people feel so welcome. We appreciate all your hard work and you will be missed so much by this DCG family!

I would like to commend Olivia Whitlow. Olivia has gone above and beyond creating accommodations for the student she works with in order to help her understand the key science concepts for our science units. She has looked over the 5th grade science standards in order to help her create materials that would help her student grasp the concepts being taught. She takes excellent notes throughout our classes to use as a reference when creating resources to assist her student. I would like to thank her for always going the extra mile to help her student achieve right along with her peers.

-Christin Grant

For Dan James:

It is with great admiration that I commend Dan James for his exceptional contributions to our school community. Beyond being a phenomenal educator, Dan embodies the principle of leaving things better than he found them—a philosophy he not only shares with the groups he works with but also demonstrates in his daily actions.

Dan consistently goes above and beyond, often in ways that remain unnoticed by many. For instance, he takes it upon himself to clean and organize the staff workroom without being asked, ensuring that this shared space remains functional and welcoming for everyone. He selflessly steps in to address tasks others might overlook, showing a level of care and commitment that makes our school a better place to work and learn.

Dan's actions are a reflection of his character and his unwavering dedication to improving not only the lives of his students but also the environment for his colleagues. His contributions remind us all of the importance of taking initiative and leading by example.

Thank you, Dan, for your extraordinary efforts and for inspiring all of us to leave things better than we found them.
