The school calendar will accommodate the education program of the District. The school calendar is for a minimum of 1080 hours and includes, but not limited to, the days for student instruction, staff development, in-service days and teacher conferences. Each year the minimum school calendar may include up to 5 days or 30 hours of instruction delivered primarily over the internet.

The academic school year for students is for a minimum of one-hundred and eighty days or 1080 hours in the school calendar. The academic school year for students shall begin no sooner than August 23. Employees may be required to report to work at the District prior to this date.

Special education students may attend school on a school calendar different from that of the regular education program consistent with their Individualized Education Program.

The board, in its discretion, may excuse graduating seniors from up to five days of instruction after the District requirements for graduation have been met. The board may also excuse graduating seniors from making up days missed due to inclement weather if the student has met the District's graduation requirements.

It is the responsibility of the superintendent to develop the school calendar for recommendation, approval, and adoption by the board annually.

The board may amend the official school calendar when the board considers the change to be in the best interests of the District's education program. The board shall hold a public hearing on any proposed school calendar prior to adopting the school calendar.
