

EUREKA UNION SCHOOL DISTRICT

The Role of the School Board

Citizen oversight of local government is the cornerstone of democracy in the United States. The role of the trustees who sit on locally elected school boards is to ensure that school districts are responsive to the values, beliefs and priorities of their communities. Boards fulfill this role by performing five major responsibilities. These are setting direction; establishing an effective and efficient structure; providing support; ensuring accountability; and providing community leadership as advocates for children, the school district and public schools. These five responsibilities represent core functions that are so fundamental to a school system's accountability to the public that they can only be performed by an elected governing body. Authority is granted to the board as a whole, not each member individually. Therefore, board members fulfill these responsibilities by working together as a governance team with the superintendent to make decisions that will best serve all the students in the community. EUSD has a five member Board of Trustees, each with one vote. The superintendent serves as the board's chief adviser on educational matters and as the district's educational leader. He does not have voting rights.

Our Vision and Pathways

- The Eureka Union School District is dedicated to developing learned and inspired global citizens.
- We will provide our students with a dynamic, rigorous education that focuses on collaboration, critical thinking, and character development.
- Our students will be supported in a nurturing environment which fosters the healthy academic, social, emotional, and physical development of each individual.
- Our partnership of students, families, educators, and community members encourages creativity and celebrates innovation.

Relevant Challenging Curriculum	Individual Responsibility as a part of a Global Learning Community	Partnerships and Collaboration	Resources, Governance and Tools	Innovation, Change, and Renewal
