

**Job Title: IT Systems Lead**

Job Family: IT

Pay Program: Classified

Job Code:

Typical Work Year: 12 Month Position

Reports to: Technology Director

SUMMARY: The IT Systems Lead position is primarily responsible for supporting, troubleshooting, and updating electronic systems used by the district technology department. This includes but is not limited to the district's ticketing system, device management platforms, filtering tools, and security systems. The system administrator will also play an ongoing role in responding to technical support requests and may be assigned special projects such as deploying new software or supporting network equipment upgrades.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Provide on-demand technology assistance and support to all district users.
- Deliver technical assistance and support in-person, over the phone, and online.
- Create, respond, and resolve technology support tickets for both hardware and software issues.
- Submit complete, accurate, and timely data for all eligible break/fix insurance claims.
- Prioritize technology support tickets for efficiency and assign to other roles as necessary.
- Adding solutions to the district's HelpDesk system to improve efficiency and time management.
- Optimize use of the district's device management platforms, including device filtering tools.
- Research, test, evaluate, and recommend improvements to the district's electronic systems.
- Maintain and troubleshoot all hardware and software solutions deployed across the district.
- Engage vendors to troubleshoot complex issues and recommend features for improvement.
- Demonstrate cybersecurity best practices and model such practices for all district users.
- Follow directions with minimal supervision and collaborate effectively in a small-team setting.
- Attend work regularly and on time while maintaining an accurate record of hours worked.
- Follow all district policies and procedures at all times, paying particular respect to safety.
- Provides information to the Director of Technology on all matters of relevance.
- Assume other duties and responsibilities as assigned.

Job Tasks Descriptions	Frequency	% of time
1. Monitor and respond to technology problems reported by users via the district HelpDesk system and assign to other roles as necessary. Develop documentation for common problems and exhibit strong customer service skills.	Daily	50%
2. Support optimal use of the district's device management tools and other electronic systems by evaluating new features and updates. Recommend changes to improve the district's cybersecurity posture.	Ongoing	25%
3. Assist in the design, planning, implementation, and evaluation of special technology projects including equipment replacements and software rollouts. Support the Network Systems Administrator on projects as necessary.	Ongoing	15%
4. Perform other duties as assigned.	Ongoing	10%

EDUCATION AND RELATED WORK EXPERIENCE:

- Bachelor's degree in computer science, MIS, or equivalent major highly desired.
- Minimum of two years experience in a frontline tech support position or similar role.
- Work experience in a PK-12 education setting is highly desirable but not required.

LICENSES, REGISTRATIONS OR CERTIFICATIONS:

- Valid driver's license required.
- Technical certifications (CompTIA, Google Admin, Ethical Hacker) highly desirable.

TECHNICAL SKILLS, KNOWLEDGE & ABILITIES:

- Possess effective oral and written communication skills.
- Ability to relate successfully with students, staff, administrators and vendors.
- Ability to build and maintain relationships in a cooperative work environment.
- Ability to work effectively with a wide range of constituencies in a diverse community.
- Ability to handle diversity in an objective manner.
- Ability to work independently.
- Advanced troubleshooting skills for a variety of hardware and software platforms.
- Ability to prioritize and meet deadlines in a timely manner.
- Ability to perform diagnostic examinations and repair of district-owned technology.
- Ability to handle and maintain the confidentiality of student and staff information.
- Ability to set goals and establish methods for achieving these goals.
- Pursues continuous improvement by participating in educational opportunities, maintaining professional networks, and other job-related learning.
- Keeps colleagues informed and updated of work as needed.
