

Communications Board Report - April 2026

We've had a great month in the DCG Communications Department! Here's a look at some of our most recent projects.

Collaborative - I would like to share a few updates from my two-day trip to the Iowa School Public Relations Association Spring Conference on April 9-10 in West Des Moines. This group meets twice a year, averaging 40-50 attendees. Our sessions this year included online advertising, ADA compliance, partnerships with school business offices, managing community partnerships and our annual awards. I'm grateful that DCG allows me to collaborate with professionals across the state who are working in the same capacity at districts large and small. I'll provide an update on DCG's compliance with ADA guidelines at my August in-person presentation! A special shout out to Michelle Wearmouth for presenting to our group this year!

Passionate - The DCG Creator project continues to showcase the incredible passion of DCG! I wanted the DCG School Board to have a quick link to see our most recent video! Each month, this is a powerful reminder of how incredible our district really is. Enjoy our [DCG Creators](#). We have one more group to honor this school year!

Inclusive - There is certainly a lot to celebrate as we reach the home stretch of the 2025-26 school year. April and May are filled with special celebrations of Team DCG. I thought it would be beneficial to share this list with the DCG School Board as well!

April 1 - Paraprofessional Appreciation Day

April 4 - National School Librarian Day

April 6 - National Assistant Principals Week

April 22 - Administrative Professionals Day

April 28 - National School Bus Driver Appreciation Day

May 1 - National College Decision Day

May 1 - National School Lunch Hero Day

May 4 - Teacher Appreciation Week begins

May 6 - National School Nurses Day

We are excited to celebrate all of these incredible team members!

Supportive - The first-ever DCG Preschool Celebration at DCG High School was a huge success! We took advantage of an opening in the DCG High School Auditorium and brought in friends and family members for two celebrations! Our students sang, danced and walked across the state as Dr. Blum announced their plans! From Elsa to monster truck drivers and parents, our students have big ideas! We also used this as an opportunity to register our students. Five preschool families completed their registration for the 2026-27 school year while they were here that day! Here's a [special video tribute](#) from this amazing event!

Innovative - We are thrilled to share a new way to highlight the senior class of DCG High School in 2026! May 1 is Decision Day, a chance to showcase the plans for our incredible seniors. We are working closely with Colin Lane and Matthew Blackmore to have a Decision

Day Celebration on Friday, May 1. All of the seniors will have a chance to showcase their plans and grab some food with their classmates! A special thank you to Hy-Vee and the DCG Booster Club for their support of this event! Check out social media for a special tribute to our seniors on May 1!

Thanks for your continued support of the DCG Communications Department! Let me know if you have any questions!
