

Building: Heritage Elementary

May Board Report

Building Goals:

By May 2026, 80% of each student group will meet the literacy FAST spring benchmark. (EL, Special Education, Gender, PatR/AR, Race/Ethnicity)

By May 2026, disrespect/noncompliance minors in the classroom will decrease 20% from first semester to second semester.

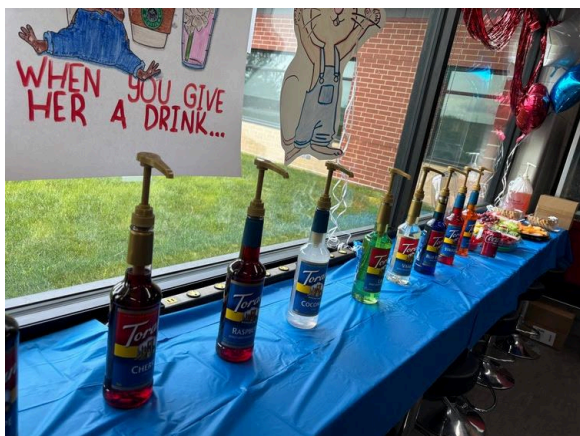

By May 2026, 80% of teachers will score each statement of the School Culture Survey with a 3 or 4.

COLLABORATIVE

PTO

The teachers and staff at Heritage Elementary would like to extend a HUGE thank you to the PTO for a great Teacher Appreciation Week. We were spoiled, well fed, and provided some amazing gifts.

Thank you PTO and thank you Heritage families for your kindness and support!

PASSIONATE

FAST Testing

FAST testing is currently underway at Heritage. Our Building Data Day is scheduled for Wednesday, May 27th. We will collaboratively look at data and determine if our building goals have been met. This conversation will also help us to plan for next year.

SUPPORTIVE/INCLUSIVE

PBIS

We have earned 8,000 High Fives Tickets and will celebrate with a building Bingo game. BINGO numbers will be read aloud each morning after announcements. When a class achieves a BINGO, they will spin the prize wheel for their reward. The choices on the wheel are the following: popcorn party, extra recess, kickball, class dress up day, spin again or free choice.

WORD OF GRATITUDE

Final Words From Williamson

As I look back on the past 13 years at DC-G, I am struck by the incredible community that surrounds our students. My thanks go to the School Board for their vision, and to my administrative colleagues, whose partnership, wisdom, and shared dedication have been a constant source of strength through every challenge and triumph.

I am equally grateful to the Heritage Elementary staff, who turn that vision into reality every single day in the classroom with such heart and expertise.

Most importantly, thank you to the parents and families—your support and engagement are the heartbeat of this district. I am retiring with a full heart, grateful for the bridge we built together between school and home.
