Botany Plant Sale - open to public, selling vegetable and flower plants and some houseplants	Dave Harwood	Botany/Greenh ouse Fund	High School	We raise some money to help offset costs of materials for special projects related to the Greenhouse and Botany I and II classes	The money will go into the Greenhouse Activity Account, and be used to purchase seeds, soil, pots, and other equipment like hoses and nozzles to be used in the greenhouse by Botany Students. Our classes learn about seeds and plant care by planting seeds and growing a variety of plants. Traditionally, we have then offered these seedlings for sale at minimal prices as a way to clean out the greenhouse for the summer (rather than just throwing them away), providing a service to our community, and gaining a small amount of money to help defray the costs involved. Money has been used to support some special projects like hydroponic equipment setups.	Seeds are purchased locally, as is our soils. Earl May, Walmart, and Menards are common suppliers.	NA	No	-	Our sale over the last 15+ years has occurred during the first week of May	Costs run about \$200-300 (some of which are paid for as class supplies by Science Dept.); Typically take in \$700 to \$1000, so profit is around \$500
