

Communications Board Report - March 2026

There are so many things to celebrate from the past month! DCG was on local, regional and national news! Here are a few of the highlights!

Collaborative - I was proud to represent Dallas Center-Grimes as the host of a ParentSquare user summit on Thursday, March 5. Approximately 35 ParentSquare users (and future users) came to DCG for a day full of learning and collaboration. I'm grateful for all of the ways our staff and community members have engaged with ParentSquare. It's becoming the premier school-to-home communication platform in Iowa. This day also served as a great showcase of our district for visitors from across the state.

Passionate - Have you heard about Ava Smid's performance in the state semifinals?! This incredible comeback by Ava and the DCG Girls Basketball team made national headlines. Click [here](#) to view a sampling of the media coverage. Within five minutes on the morning following the game, CNN, ESPN and two local outlets called. This video was viewed millions of times!

Inclusive - Unified Sports Day is the perfect showcase of the Inclusive Core Value at DCG. A special shout out to the students and staff of DCG High School for representing our district at this event. Click [here](#) to view a few photos. There were several other Inclusion Week celebrations at DCG, including a [Pledge of Inclusion](#) at all of our buildings!

Supportive - We also need to showcase two incredible achievements and highlights for the DCG Music Department. Here's a [look](#) at Take Two, our show choir extravaganza! This is an incredible showcase of the vocal music talent at DCG! Two jazz choirs and one jazz band were selected for the Iowa Jazz Championships in 2026! This is the first time in DCG history that we have three ensembles competing for state championships! Click [here](#) for more.

Innovative - Of course, we need to celebrate another group of DCG Creators! These talented professionals were recognized by their colleagues for showcasing our core values every single day. Click [here](#) to view our story. We will be out celebrating a new group next week!

Let me know if you have any questions! - AJ
