

Dallas Center Elementary

DCE Vision: *To be a student-centered, inclusive community where all are welcome to learn, grow, and make a positive impact together.*

DCE Mission: *DCE empowers students to create an inclusive community by being kind, safe, and showing PRIDE.*

Date 3/2026

DCE Building Goals:

K-2 Goal 1 - DCE Literacy Goals and Actions

- 85% of K-2 students will be fluent readers as measured by the FAST earlyReading screener and CBMR Screener by May 2026.

3-4 Goal 1 - DCE Literacy Goals and Actions

- 80% of 3rd/4th graders will be proficient as measured by aReading by May 2026.

Goal 2 - Social Emotional Wellness

- With explicit social/emotional behavior instruction, and MTSS supports, students at DCE will decrease undesired behaviors by 35% as measured by major referral documentation.

Collaboration

The preschool team has been collaborating with AJ, our Communications Director, to promote our preschool program and increase awareness among families in the district.

On March 30, we will host a preschool showcase for families at the high school auditorium. Our preschool students will share a few songs with their families as part of the celebration. In addition, each student will receive a certificate highlighting what they would like to be when they grow up. Dr. Blum will be present to help distribute the certificates and celebrate with our students and families.

To support families who still need to complete preschool registration, members of the central office staff will be available with Chromebooks to assist with the registration process.

This event will be a fun and exciting celebration made possible through the collaboration of the preschool team and our central office staff.

Innovation

Supportive

The DCE staff has been working diligently to analyze student performance data in order to identify students who may need additional support to ensure their success. Teams collaborate regularly to determine appropriate strategies and supports to meet students' learning needs.

In addition, the MTSS-B committee continues to work to strengthen and refine our MTSS processes. Their focus is on improving clarity and consistency for teachers so that supports can be implemented effectively. This work helps ensure optimal learning opportunities and success for all students.

Inclusive

March 2–6 was Inclusion Week. DCE Staff and students participated in themed dress-up days throughout the week to help celebrate and raise awareness about inclusion.

Our special education teachers also visited classrooms and led inclusion-focused activities with students. These lessons helped students learn more about the importance of inclusivity and how

	everyone can play a role in making others feel welcomed and valued. Students greatly enjoyed participating in the activities and learning new ways to support one another. Our students consistently demonstrate a strong desire to include all peers and often share thoughtful and innovative ideas for promoting inclusion. Students are also very excited about the new inclusive playground that will be installed this summer, which will provide even more opportunities for all students to play and learn together.
