March 2026

Bloom Back Into the Cafeterias

We are excited to welcome everyone back from spring break and can't wait to see you back in the cafeterias! Our teams are energized and ready to serve you, with some fun and comforting menu items to help you jump back into the school routine. This season, you can look forward to more breakfast favorites from our spring LTO, Bloom Into Breakfast. We're also adding a fun twist with breakfast-for-lunch options to help break up the day and keep you fueled. We're excited to make mealtimes something you can look forward to as you settle back into a full day of learning.

National School Breakfast Week

National School Breakfast Week, held March 2–6, was a huge success across the district. This year's theme, A Quest for Breakfast, brought extra excitement and fun to cafeterias all week long. Elementary students went on a daily quest by completing activity sheets, word searches, and entering a coloring contest for a chance to win mystery prizes, along with the opportunity to find the secret tray winner each day. Middle school and high school students participated using punch cards, earning a free à la carte item when they enjoyed breakfast throughout the week. Thanks to the enthusiasm and engagement, average breakfast participation increased by nearly 13 percent districtwide.

DISCOVERY KITCHEN FUN

Bring on Breakfast!

March is Bring on Breakfast month and we look forward to introducing delicious recipes, interactive demos, and nutrition education about this important meal.

Studies show that breakfast can support a student's learning throughout the day, leading to increased focus, fewer absences and better test scores. With Discovery Kitchen, students can taste and learn about what makes a balanced breakfast and discover creative alternatives that best serve their busy schedules with grab-and-go options and more.

Berry Good Breakfast

As part of this month's Discovery Kitchen and the Bloom Into Breakfast LTO, Chef Jozsef sampled a Very Berry Parfait with students at DCE and Heritage. Chef demonstrated how simple breakfast can be while also showing how easily it can be customized to match each student's preferences, helping them get the most out of their first meal of the day. Students learned that these parfaits are easy to make and even more enjoyable to eat. Later in the week, the Very Berry Parfaits were featured on the menu and sold 39 out of 50 servings. This strong participation highlighted just how tasty and well-received the students found them to be.
